Summary

Currently pursuing a Bachelor of Engineering in Computer Science and Engineering, with a strong foundation in technical skills acquired through coursework and hands-on practice in full-stack development. A quick learner and detail-oriented individual who thrives in collaborative team environments, passionate about building innovative solutions

Experience

Techcurators, New Delhi — Full Stack Developer

April 2024 - PRESENT

Created Various Websites and applications that recently got funded. Created rabbitt.ai, thehackernation.com, icypluto.com, theaiworld.org and various other websites during my time here. Worked mostly on React.js, Node.js, Mongodb along with other frameworks like Figma, Astro.js. Created Designs for Clients which got selected for high level development

Projects

Personal Website — [anshkaushal.in](#)

Technologies: Node.js, Express.js, React, Mongodb

Description: A responsive and interactive personal website designed to showcase my professional profile, technical skills, projects, and contact information. The site serves as a digital resume and portfolio, helping recruiters, collaborators, and visitors learn more about my background, interests, and work.

Ecommerce Store — [shop.anshkaushal.in](#)

Technologies: Node.js, Express.js, MongoDB, Reactjs

Description: A MERN stack ecommerce application where an admin can sell their products and keep track of all things. Helpful for small businesses who are just starting their store and creating new audience.

Note Taking App — [notesy.anshkaushal.in](#)

Technologies: Node.js, Express.js, MongoDB, React.js, HTML , CSS, Tailwind CSS , Javascript .

Description: A full stack note taking application with advanced features so that users can take notes easily and manage them. The app provides full authentication and secure storage so that the notes are end to end encrypted. Fully markdown supported note structure with clear previews.

Education

Bachelor of Engineering, Computer Science Chitkara University Baddi Himachal Pradesh	8.93 cpga	2021 - 2025
Class XII	94.6%	2021
Class X	88%	2019

Technical Skills

React.js,Next.js Node.js, Astro.js Express.js, TypeScript Figma,Webflow HTML,CSS,JavaScript
TailwindCss, Github, Git Blender, UI/UX, REST APIs

Relevant Coursework

- Data Structures
- Web Development
- Computer Networking
- Database Management
- Operating System

Interests

- Artificial Intelligence
- Machine Learning
- Web Developent
- Microservices

Certifications & Training

- Full stack web development (Udemy)
- C++ Programming certified by Infosys Springboard

Extra Curricular Activities

- Participated in almost all coding competitons in Chikara university.
- Organiser in Great India Hackathon organised by ACM student Chapter Chitkara University.
